Dive into the Depths of Naval Architecture

This comprehensive guidebook delves into the fundamentals of naval architecture, providing a thorough understanding of the principles that govern the design and performance of boats. From displacement and buoyancy to stability and resistance, Olesen's expert explanations simplify complex concepts, empowering you to make informed decisions throughout the boat building process.

Craft Your Dream Boat with Confidence

With step-by-step instructions and detailed illustrations, "Boat Building Master Course" empowers you to envision and build your own wooden boat from scratch. Olesen's guidance covers every stage of the process,

from selecting the right materials to shaping the hull and installing the interior. Whether you're building a small rowboat or a sleek sailboat, this guide provides the tools and techniques to achieve your goals.

Master the Art of Planking and Joinery

Olesen's expertise shines through in the chapters dedicated to planking and joinery. Learn the secrets of traditional boat building methods, such as carvel and clinker planking, as well as modern techniques for creating strong and durable joints. With his clear instructions and close-up photographs, even the most complex joinery tasks become manageable.

Sail into a World of Knowledge

Beyond the practical aspects of boat building, "Boat Building Master Course" also explores the history, culture, and artistry surrounding this timeless craft. Olesen shares his insights into the evolution of boat design, the techniques employed by master shipwrights of the past, and the aesthetics that make wooden boats both functional and beautiful.

Exclusive Online Resources for Your Success

Enhance your learning experience with exclusive online resources that accompany "Boat Building Master Course." Access interactive videos that demonstrate key techniques, download printable plans and templates, and join a vibrant online community of boat building enthusiasts. With these supplemental materials, you'll have access to invaluable support and inspiration throughout your journey.

About the Author: Morten Olesen, Master Shipwright

Morten Olesen is a renowned master shipwright with decades of experience in the design and construction of wooden boats. His passion for boats and his deep understanding of the craft have made him a respected authority in the industry. As the author of numerous books and articles on boat building, Olesen is committed to sharing his knowledge and inspiring a new generation of boat builders.
