In this book, children will learn about the fascinating world of turtles, frogs, snakes, and lizards. They will discover the different types of these animals, where they live, what they eat, and how they survive in the wild. The book is filled with stunning photographs, fun facts, and engaging activities that will keep children entertained and learning.

## Chapter 1: Turtles

Turtles are reptiles that have a hard shell that protects their body. They live in both water and on land, and they can be found all over the world. Turtles are slow-moving animals, but they are very good at hiding from predators. They have a long lifespan, and some species can live for over 100 years.

## Chapter 2: Frogs

Frogs are amphibians that live in both water and on land. They have smooth, moist skin, and they breathe through their skin. Frogs are carnivores, and they eat insects, worms, and other small animals. Frogs are very good at jumping, and they can use their long tongues to catch prey.

Frogs have smooth, moist skin, and they breathe through their skin.

### **Chapter 3: Snakes**

Snakes are reptiles that have no legs. They have long, slender bodies, and they can move very quickly. Snakes are carnivores, and they eat rodents, birds, and other small animals. Snakes have venom that they use to kill their prey.

## **Chapter 4: Lizards**

Lizards are reptiles that have four legs. They have a variety of body shapes and sizes, and they can be found all over the world. Lizards are carnivores, and they eat insects, worms, and other small animals. Lizards are very good at climbing, and they can use their tails to help them balance.

Lizards have four legs, and they can be found all over the world.

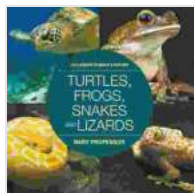

## **Activities**

In addition to the informative text, this book also includes a number of engaging activities that will help children learn more about turtles, frogs, snakes, and lizards. These activities include:

- A word search puzzle
- A crossword puzzle
- A maze
- A drawing activity

- A writing activity

This book is a great resource for children who are interested in learning more about turtles, frogs, snakes, and lizards. It is full of stunning photographs, fun facts, and engaging activities that will keep children entertained and learning.
