For example, the card for the number 4 displays a photo of four apples, helping children to visualize the quantity it represents. This visual representation helps to bridge the gap between abstract numbers and concrete objects, fostering a deeper understanding of the concept.

### **Immersive Sensory Experience:**

'Showme Numbers 10 Picture Flash Cards' goes beyond just visual stimulation. They are printed on high-quality, glossy cardstock with a slightly raised texture, providing a tactile experience that enhances the learning process.

Children can trace the number with their finger or use it as a playdough mat, further solidifying their recognition and understanding. This multi-sensory approach caters to diverse learning styles, engaging both visual and tactile learners.

### **Building a Strong Foundation:**

By introducing numbers through relatable images, 'Showme Numbers 10 Picture Flash Cards' lays a solid foundation for mathematical development. Children develop number sense, the ability to recognize quantities and understand the relationships between them.

These flash cards serve as a valuable resource for preschoolers, kindergarteners, and first graders, providing them with a head start in their mathematical journey. They can be used for various activities, including number recognition, counting, and sequencing.

## **Engaging Child's Natural Curiosity:**

The vibrant and captivating photographs on these flash cards ignite a child's natural curiosity, making learning an enjoyable experience. The realistic images provide a context for numbers, helping children to connect them to their everyday lives.

Additionally, the flash cards can be used for storytelling and imaginative play, further fostering a love for numbers and mathematics.

## **Benefits of Using 'Showme Numbers 10 Picture Flash Cards':**

- Visual learning enhances number recognition and comprehension.
- Tactile experience reinforces learning through multiple senses.
- Laying a solid foundation for mathematical development.
- Engaging child's natural curiosity and making learning fun.
- Supports a variety of learning activities and play-based learning.
